Institute of Service Science, National Tsing Hua University, Taiwan

The Institute of Service Science (ISS) at College of Technology Management, National Tsing Hua University, Taiwan, invites applications for three full-time tenure-track faculty positions, starting in **Fall 2018** or **Spring 2019**, at the Assistant, Associate, Full, or Distinguished Professor level. Successful applicants should demonstrate extensive knowledge, research and teaching capabilities in at least one of the following academic domains:

- **Service innovation/design** (including service design, service innovation management, etc.)
- **Service marketing & management** (including service marketing, service operation management, service organizational management, etc.)
- **Management information systems** (including IT adoption & user behavior, strategic IT use, database management, IT systems design & development, web/mobile/IoT service technologies, etc.)
- **Business analytics** (including data mining, data science, big data, etc.).

Our institute is seeking high-quality candidates who have impactful experiences of research and teaching and strong commitment to service science research. We would expect the faculty member to play a key role in ISS at the Doctoral and Master's programs, in terms of advising and teaching.

The Institute of Service Science was launched in 2008 under College of Technology Management, AACSB accredited in 2015 and recognized leading Technology Management School in Taiwan. ISS is the first graduate program in Asia promoting Service Science, Management, Engineering and Design (SSMED). SSMEd is an emerging field aimed at integrating the multidisciplinary nature of science, technology and management to study, design and implement service systems for promoting sustainable values. Currently we have eight faculty members actively engaged in theoretical and applied research spanning information system, e-service, service management, business analytics and technologies for knowledge intensive services. For more information of the Institute, please visit our web site at <http://www.iss.nthu.edu.tw>.

To apply, please e-mail the following: curriculum vitae, research and teaching statements, publications, and two recommendation letters to the Institute of Service Science at office@iss.nthu.edu.tw
