University of New Haven / College of Business

Assistant / Associate Professor of Business Analytics

Description

The Economics and Business Analytics Department in the College of Business at the University of New Haven invites applications for a **tenure-track position** at the Assistant / Associate Professor level beginning in Fall of 2019. This position includes teaching, service, and research expectations along with a responsibility to take an active role in *cooperatively developing and growing applied analytics opportunities* across the programs in the College of Business.

We are seeking candidates with qualifications and teaching & research interests in *applied business analytics fields such as Sport Analytics, Marketing Analytics, and Hospitality Analytics.* Candidates must have completed or be in the process of completing a PhD or DBA in Operations Management, Decision Science, Business Analytics, or a related field. Strong applicants should be versatile, with an ability to teach a variety of courses in the analytics field. Candidates with proficiency in R, Python, SQL, and expertise in data/decision analytics, optimization, business modeling, data visualization, and data mining are especially encouraged to apply. Interest in yield management and pricing models is a plus.

The successful candidate for this position will be charged with working with faculty across the business disciplines to cooperatively develop curriculum, and co-curricular activities, to support a growing interest in applied business analytics.

Job Information

Location:

West Haven, Connecticut, 06516, United States

Job ID:

46530710

Posted:

February 1, 2019

Position Title:

Assistant / Associate Professor of Business Analytics

School Name:

University of New Haven / College of Business

Specialties:

Marketing Analytics, Sports Marketing

Do you plan on interviewing at the Summer Academic Conference?:

No

The University of New Haven, founded on the Yale campus in 1920, is a private, coeducational university situated on the coast of southern New England. It's a diverse and vibrant community of more than 6,800 students, with campuses around the country and around the world.

Requirements

Candidates should have strong communication skills, a demonstrated commitment to teaching excellence, a student orientation, and an interest in applied research. All faculty members are expected to engage in student-focused activities such as advising and career mentoring. As an AACSB accredited institution, faculty members are expected to maintain an active record of relevant scholarship. A Ph.D. or DBA at the time of appointment is preferred, but ABD candidates will be considered.

Interested candidates should submit their materials at: http://apply.interfolio.com/58149. Application packets should include: letter of application, curriculum vitae, sample of written work, statement of teaching philosophy, evidence of teaching effectiveness (including teaching evaluations), diversity & inclusion statement (see below), and three reference letters. We will be reviewing applications on a rolling/continuing basis and will likely be interviewing candidates of interest at the various national analytics / operations management meetings.

We intend to process applications promptly this spring and schedule interviews expeditiously.

The University of New Haven is committed to diversity & inclusion in higher education. The University seeks candidates whose teaching, research and/or service has prepared them to contribute diversity and inclusion in our academic community. Applicants are asked to submit a diversity and inclusion statement explaining how their teaching, scholarship and/or service, contributes to building and supporting diverse and inclusive communities.

The University of New Haven is an equal opportunity employer.
